The right of disposition over the cargo may only be exercised if the shipper or his designated agent produces the part of the Air Waybill which was delivered to him. Instructions as to disposition must be given to KAL in writing in the methods prescribed by KAL. In the event that exercise of the right of disposition results in a change of consignee, such new consignee shall be deemed to be the consignee appearing on the original Air Waybill.

2. Shipper's Option

Subject to his liability to carry out all his obligations under the contract of carriage and provided that such right of disposition is not exercised in such way as to prejudice KAL or other shippers, the shipper may exercise his right of disposition over the cargo as provided below:

- A. Withdrawing it at the airport of departure or of destination;
- B. Stopping it in the course of the journey on any landing;
- C. Calling for it to be delivered at the place of destination or in the course of the journey to a person other than the consignee named in the air waybill: or
- D. Requiring it to be returned to the airport of departure.

3. Payment of Expenses

The shipper shall be liable for and shall indemnify KAL for all damage suffered or incurred by KAL as a result of the exercise of his right of disposition.

4. KAL's Inability to Comply

Notwithstanding the provision of Paragraph 1 above, KAL reserves the right to refuse such execution of shipper's right of disposition, if in the opinion of KAL it is not practicable to carry out such instruction of the shipper. In such event, KAL shall so inform him promptly, and the cost of doing so attaches to the freight charges and/or service charges of such consignment.

5. Extent of Shipper's Right

The shipper's right of disposition shall cease at the moment when, after arrival of the cargo at the airport of destination, the consignee takes possession or requests delivery of the cargo, or otherwise shows his acceptance of the cargo. Nevertheless, if the consignee declines to accept the Air Waybill or the cargo, or if he cannot be communicated with, such right of disposition shall be deemed to be continuously vested in the shipper.

ARTICLE 9. DELIVERY OF CONSIGNMENT

1. Arrival Notice

Unless the consignment is to be reforwarded in accordance with Article 11, arrival notice of the consignment will, in the absence of shipper's instructions, be sent to the consignee by ordinary methods. However, if a person to be notified is named on the Air Waybill, such arrival notice of the consignee will be sent to such person. KAL is not liable for non- receipt or delay in receipt of such notice.

2. Delivery to Consignee

Except as otherwise specifically provided in the Air Waybill, delivery of the consignment will be made only to the consignee. However, if a person to be notified is specifically indicated on the Air Waybill, delivery to the consignee shall be considered to have been effected when arrival notice has been made in advance in accordance with Paragraph 1 above, and the consignment has been delivered to Such person indicated on the Air Waybill as the person to be notified. Delivery to the consignee shall also be considered to have been effected:

When the consignment has been delivered to bonded warehouse or bonded shipping agent as designated by the consignee or the person to be notified or his agent; and when the consignment has been delivered to bonded warehouse or bonded shipping agent as required by applicable law or customs regulation.

3. Place of Delivery

Consignee must accept delivery of and collect the consignment at the airport of destination unless advance arrangement has been made between shipper or consignee and KAL.

4. Failure of Consignee to Take Delivery

A. Subject to the Subparagraph B below, if the consignee refuses or fails to take delivery of the consignment after its arrival at the place of delivery, KAL will endeavor to comply with any instructions of the shipper set forth on the Air Waybill. If no such instructions are so set forth, or if such instructions cannot be reasonably complied with, KAL, after forwarding to the shipper notice of the failure of the consignee to take delivery, must take an action as mentioned below:

(1) Returning the consignment on its own service or on any other transportation means to the airport of departure, there to await instructions of the shipper; provided, however, that conditions for such returning shall be made subject to original conditions unless otherwise specified; or

(2) Selling such consignment in one or more lots at public or private sale after holding the consignment for a period of not less than 30days.

B. The shipper is liable for all expenses resulting from or in connection with the failure to take delivery of the consignment. Such expenses include, but not limited to, freight charges and/or service charges incurred in returning the consignment. If the consignment is returned to the airport of departure and the shipper refuses to make such payments or neglects to make such payments within 15 days after such return, KAL may dispose of the consignment or any part thereof at public or private sale after giving the shipper at the address stated on the Air Waybill 10 days' notice of the intention to do so.

C. In the event of the sale of the consignment as provided in Subparagraph B above, either at the place of destination or at the place to which the

consignment has been returned, KAL is authorized to pay to itself and other transportation means out of the proceeds of such sale all advance, expenses and costs of sale, holding any surplus subject to the order of the shipper. The sale of any consignment shall, however, not discharge the shipper's liability hereunder to pay any deficiencies due to KAL.

5. Disposal of Perishables

When a perishable cargo is delayed in the possession of KAL, is unclaimed or is refused at the airport of destination, or for other reasons is threatened with deterioration, KAL may immediately take such steps necessary for the protection of itself and other parties in interest. Such steps include, but not limited to, the destruction or abandonment of all or any part of the consignment, the sending of communications for instructions at the cost of the shipper, the storage of the consignment or any consignment or any part thereof at public or private sale without notice, and such disposition of the consignment shall not discharge the shipper's liability to pay any amounts due to KAL.

ARTICLE 10. CARGO ATTENDANTS

KAL, in consideration of the nature of the consignment involved or so as to ensure safety to persons, aircraft, other cargo or property, may request the shipper to arrange cargo attendants for the purpose of accompanying such consignment. Except as otherwise provided in KAL's regulations, such transportation of cargo attendants will be subject to KAL's general Conditions of Carriage for International Passengers and Baggage.

ARTICLE 11. PICK-UP, DELIVERY AND CITY TERMINAL SERVICE

1. The consignments are accepted for carriage from their receipt at KAL's cargo terminal or airport office at the airport of departure to the airport at the place of destination.

 - A. Pick-up, delivery and city terminal service will be available at the places and subject to the charges and conditions established by KAL's regulations;
 - B. If such transportation is operated by KAL itself, it shall be upon the same terms and limitations as set forth in Article 14 of these Conditions of Carriage;
 - C. Pick-up, delivery and city terminal service will not be provided by KAL for any shipment which, in the opinion of KAL, because of its volume, nature or value is impractical for KAL to handle in normal course.
3. KAL may, however, for the account and as an agent of the shipper or the consignee, the case may be, and without being responsible itself, charge other transportation service with such transportation. In such case, KAL shall not be liable for damage of whatsoever nature arising in connection with such transportation, unless it has been caused by his own negligence or willful fault. If KAL engages other transportation service, the shipper or consignee will authorize KAL to do all

things deemed advisable to effect such transportation, including, but without limitation, selection of the means and routes thereof, execution and acceptance of necessary transportation documents (which may include provisions exempting from, or limiting KAL's liability), and consigning of cargo with 'No Value Declared (NVD)' notwithstanding any amount of declaration of value on the Air Waybill.

Unless the shipper paid valuation charge pursuant to Article 4, Paragraph 9 above, the shipper shall not argue that the shipper had no opportunity to declare the value of cargo.
- B. In case of the carriage to which no Convention is applicable, the liability of KAL shall not exceed 22 SDR per kilogram of the cargo; provided, however, that such limitation of liability shall not apply if it is proven that such damage resulted from an act or omission of KAL, KAL's servants or agents (who are proven to be acting within the scope of KAL's employment), done with intent to cause damage or recklessly and with the knowledge that damage would probably result.

Cargo which is likely to endanger persons, aircraft, other cargo or property may be abandoned or destroyed by KAL at any time without notice and without liability therefore attaching to KAL.
