
GPS handling instruction & Approved CARGO GPS Tracker List

▣ Handling Instruction

| Step | Instructions |
|-------------|--|
| Sales | <ul style="list-style-type: none"> ○ In case of new model, request approval to SELFTGS with certification of result of test for Radio Frequency and Lithium battery |
| Reservation | <ul style="list-style-type: none"> ○ Check the approved GPS Tracker <ul style="list-style-type: none"> - Forbidden sales of unapproved GPS Tracker and request new product to SELFTGS - Not more than 2 GPS Tracker with lithium battery per MAWB If it is more than 3PC per MAWB, it must be declared as ELI or ELM. ○ Input "GPS" SCC Code upon reservation ○ Input model name on CSS Scribble pad ○ Photo of cargo attached to a GPS is required. |
| Acceptance | <ul style="list-style-type: none"> ○ Check the photo of Cargo attaching GPS upon acceptance <ul style="list-style-type: none"> - Check whether it is approved model or not - Keep photo copy more than 14 days ○ Check the quantity per MAWB upon screen. If it is more than 3 pc, it must be declared as ELI or ELM. ○ Reject the shipment if damage found on cargo or GPS ○ Reject the shipment if the model of GPS is not approved <ul style="list-style-type: none"> ※ In case of inner packed, shipper's confirmation letter shall be accepted (Click) |

▣ **Approved CARGO GPS Tracker List**
